Commissioners' Report.

To the Citizens of Sullivan County:

In accordance with the requirements of the Public Statutes of the State of New Hampshire the Commissioners of Sullivan County herewith submit the following report of their business transactions for the year ending December 31, 1907, together with the reports of the several other County Officers, and the proceedings of the County Convention.

COUNTY FARM.

Mr. and Mrs. Oliver A. Putnam who have been in charge of the Almshouse and House of Correction since September, 1906, as Superintendent and Matron having demonstrated their special fitness for these positions have been engaged for the coming year.

The farm has produced good crops notwithstanding the unfavorable year. The improvement of the live stock is being carried forward and the farm will soon have the best herd of Holstein cattle in Western New Hampshire. Hard wood floors have been laid in five rooms in the Almshouse to replace the old worn floors, and more work of this kind will be necessary in the future. A large refrigerator has been built in the basement of the storehouse that will hold 1000 pounds or more of meat and it is hoped that with this equipment for caring for it, the farm will produce most of the meat consumed in the institution, which will make a large saving in the expenses.

During the last year, a marble marker has been placed at each unmarked grave of those who have died at the Farm, and been buried in the County cemetery within the past few years, to the number of eighteen.

Five of the insane were removed to the New Hampshire State Hospital December 28th. The water system for which an appropriation was made by the County Convention has been put in this season. Plans and specifications were made by Arthur W. Dudley, C. E., of Manchester, who also had charge of the construction of the system. Bids were solicited for the building of the dam, excavating, laying pipe, setting of hydrants, etc., the pipe and hydrants being furnished by the Commissioners. The contract was awarded to Ablett & Bowes of Cohoes, N. Y., who fulfilled their contract to the satisfaction of the Commissioners and Engineer. A dam 80 feet in length, 14 feet high, using over 250 barrels of cement, was built across the brook not far from the old reservoir, flowing a pond holding about 500,000 gallons. The elevation is nearly 100 feet higher than the buildings and gives a pressure at the Almshouse of about 45 pounds. 1925 feet of 8-inch and 600 feet of 6-inch pipe were laid connecting with four hydrants so located as to give good fire protection to all buildings on the farm. The bath rooms, boiler, laundry and barns are also connected, with the new system, the old system being kept for domestic use only. Before the work was accepted by the Commissioners, Chief Engineer Sears of the Claremont fire department, made a test of the system and pronounced it a success water being easily thrown over any building of the institution. Six hundred feet of 2½-inch and 300 feet of 1½-inch hose for protection against fire have been purchased. The farm now has the best water system of any institution of its kind in the state. The rate of insurance has been reduced 6-10 of 1 per cent. The reservoir will furnish the institution with ice which will save expense, as the supply formerly had to be procured several miles from the farm. The Commissioners have procured a further supply

of fuel by the purchase of the wood on the Eastman farm. We wish to thank the Woman's Christian Temperance Union of both Claremont and Newport and other friends of the institution, who have contributed so much toward the entertainment and enjoyment of the inmates during the year. We wish to return our thanks to Mr. and Mrs. Putnam and all connected with the institution for their consideration and kindness in caring for the inmates during the year.

COUNTY POOR AWAY FROM THE FARM.

The cost of maintaining the poor away from the farm during the year has been slightly increased.

JAIL.

The property at the Jail has been greatly improved during the year. The Jailer's residence has been wired for electric lights, and steam heat has been put in according to the plans made when the jail was erected. The roofs of both house and barn have been slated, the Commissioners believing it to be economy to use slate instead of shingles, although the first cost was more. The buildings have been painted and some new floors laid. The Jail expenses are the largest they have been for years and will continue to be large for the coming year.

COURT HOUSE.

The court room has been improved during the year, by changing the old electric fixtures to a more modern system of fixtures. The platform occupied by spectators has been removed bringing the floor all on a level, a new carpet has been purchased and the walls and ceiling have been freshened.

Respectfully submitted,

HENRY C. SANDERS,	} Commissioners

PART OF HERD OF HOLSTEIN COWS

Superintendent's Report.

To the Honorable Board of Commissioners of Sullivan County :

I hereby submit my annual report as Superintendent of Sullivan County Farm for the year 1907.

In performing my duties I have endeavored to look after the welfare of the inmates and the best interest of the County.

The farm is now under a good state of cultivation; the buildings well supplied with an abundance of water which with the new reservoir, hydrants, hose and plumbing adds much to the comfort, safety and convenience of the inmates and help.

The stock is constantly being improved and the large herd of Holstein cattle contains some as good animals as can be found in Sullivan County.

I especially wish to thank the Commissioners for their advice and counsel, and the kindness shown myself and family during the year. Also the chaplain and physician for their attendance to the health, comfort and spiritual welfare of the inmates.

Herewith is appended a statement of my receipts and expenditures together with a list of the inmates, prisoners and boarders and the cost per week for supporting the same.

Respectfully submitted,

O. A. PUTNAM.

Physician's Report.

There have been seven deaths and two births at the County Farm during the year. The cause of death in each case was from old age or some chronic disease. I have always found Superintendent Putnam and wife willing to follow such advice as has seemed necessary for the care of the sick and all those needing special care. There have been improvements made in and about the institution which have greatly improved the sanitary conditions.

Respectfully submitted,

A. L. MARDEN, M. D.

Chaplain's Report.

North Charlestown, N. H.

I have attended to my duties as Chaplain to the best of my ability. Have attended two funerals during the year and held religious services once in two weeks, giving as best I could the consolations of the gospel. Many of the inmates feel a deep interest concerning the Kingdom of God. The Superintendent and his wife are doing all in their power to make the ones in their care feel it a privilege as well as a duty, to attend the services. The inmates are well and kindly cared for, and those in charge are doing a great deal for their comfort and happiness. The assistance given by the Superintendent and family is much appreciated by the Chaplain. Miss Della Wood has kindly given her services as organist and her vocal solos have been much enjoyed.

Respectfully submitted,

REV. C. T. MATTHEWS.

Solicitor's Report.

FROM DECEMBER 31, 1906, TO APRIL 1, 1907.

From the date of my last annual report, December 31, 1906, to April 1, 1907, when my term as Solicitor expired, I caused to be bound over two cases of larceny, two cases of cruelty to animals and one case of selling liquor without license. No civil suits in which the County was a party were pending during that time, and no fines, costs, or other moneys belonging to the County had been paid to me, as the statute provides.

At the November 1906 term of court, all state cases then pending were disposed of, having the docket free of all criminal cases to that date.

F. H. BROWN, Solicitor.

Solicitor's Report.

At the May term of court twelve prosecutions were entered charging persons with the following crimes and offences, viz.: 5 larceny, 2 for selling spiritous liquors, 2 for keeping spiritous liquors for sale, aggravated assault, cruelty to animals and arson. The grand jury returned indictments in five of these cases, as follows:

Against Charles Wesley for cruelty to animals. The respondent pleaded guilty, and was sentenced to pay a fine of \$10 and costs.

Thomas Raney for keeping for sale spiritous liquors. A plea of *nolo* was entered, and the court imposed a fine of \$25 and costs, and 60 days in the county jail; jail sentence to be suspended during good behavior.

Eugene Williams for larceny; pleaded *nolo*; fined \$50 00 and costs, and a jail sentence of six months; mittimus not to issue during good behavior.

William C. Jones was indicted for larceny, but the case was not prosecuted for want of sufficient evidence.

Three indictments were returned against Wesley H. Hastings for arson. He pleaded not guilty, and was tried by jury only on one indictment. The jury returned a verdict of guilty, and upon a petition to the court to submit the respondent to the examination of a board of examiners, to pass upon his mental condition, he was finally committed to the New Hampshire State Hospital at Concord, for an indefinite time.

At the November term prosecutions were brought for

begging food, delivering cattle from pound, moving railroad switch, cruelty to animals, aggravated assault. Indictments were found in all of these cases but one, as follows :

Fred J. Short for moving railroad switch. The respondent pleaded *nolo* and was sentenced to pay a fine of \$100 00 and costs and nine months in jail, imprisonment to be suspended during good behavior.

Samuel Fealk for cruelty to animals. Plea not guilty. Upon trial, jury returned a verdict, and the court imposed fine of \$50 00 and costs and imprisonment in jail for nine months, the latter to be suspended unless called for by the solicitor without hearing.

An indictment against Peter Peno for delivering cattle from pound was *nol prossed*, the respondent paying the costs.

One indictment for larceny is still upon the docket, the respondent not having been apprehended.

The grand jury was in session two days at the May term, and one day at the November term, although a part of the jurymen were allowed for two days' attendance at this term as they were unable to reach their homes after the work was completed at the close of the first day.

No civil suits are pending by or against the County.

In view of the unusually large number of persons that have been committed to our jail during the past year, although generally admitted to be the result of license in some of the towns, which has resulted in an exceedingly heavy expense to the County, we are led to urge upon the public the importance of devising some plan whereby such criminals may be made to work and earn a portion, at least, of the expense which they entail upon the County.

While it is not within our province to elaborate our personal views on this subject, we believe that there is an opportunity here for the County Commissioners to perform a most valuable service to the public, by instituting some method for the employment of this class of criminals.

F. O. CHELLIS, Solicitor.

AID TO PERSONS QUARANTINED.

It sometimes becomes necessary to assist a family when quarantined on account of scarlet fever, diphtheria, etc., by reason of its being deprived of the opportunity to earn wages, or from other causes, and to provide for which the following law was enacted by the legislature and approved March 11, 1899.

SECTION 1. Whenever any person or family is placed in quarantine by a board of health, to protect the public against smallpox, scarlet fever, diphtheria or any other dangerous, infectious or contagious diseases, it shall be the duty of said board to assist such person or family while in quarantine in such manner as in the judgment of the board may be deemed wise or necessary.

SECT. 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legitimate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent pauper account, nor shall such expenditure be construed to mean a public aid to the person or persons so quarantined and assisted unless such person or persons are already paupers as defined by the Public Statutes.

The above law would seem to solve, in a thoroughly satisfactory way, a question which heretofore has been considerable of a problem in some localities. The entire matter is left to the judgment of the local board of health, and whatever aid the board may deem to be wise and necessary to extend to the families in question must be paid by the town and charged up as provided for in section 2.

Public Statutes.

CHAPTER 84.

LAWS IN RELATION TO AID FURNISHED TO INDIGENT SOLDIERS, AND PROVIDING FOR ENTRANCE TO THE SOLDIERS' HOME IN CERTAIN CASES.

SECTION 9. Whenever any person resident in this state, who enlisted in the quota of this state, and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States, in the War of the Rebellion, or in the Spanish or Philippine wars, and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow or minor children, or such of the children as are unable to maintain themselves shall be supported at the public expense in the town or city of their abode, at their own home or any such place, other than a town or county almshouse, as the overseers of the poor or county commissioners shall deem right or proper, but no person shall receive aid under the provisions of this section unless he has resided in this state three years or more before making application for such aid; and no person shall, while receiving aid under the provisions of this section use intoxicating liquor to an extent, which shall render him incapable of working at his usual occupation; and no person receiving aid under the provisions of this section shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons other than those

above named as being entitled to the benefit of these provisions. Any person receiving aid under the provisions of this section, who receives a pension from the United States government, shall, while receiving such aid, apply the pension to the support of himself and dependent family, and shall, when requested, furnish to the overseers of the poor or the county commissioners satisfactory proof that such pension has been so applied. Any person applying for such aid, shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, as to the incapacity on his part to perform manual labor. Neglect by any person applying for or receiving aid under the provisions of this section to comply with the foregoing provisions and conditions of this section so far as such person is concerned, and such person may be supported at the town or county almshouse.

SECT. 10. The expense of support furnished under the provisions of the preceding section shall be kept and reported in a separate account under the head of "Aid furnished to dependent soldiers and their families," and not in the general pauper account, but shall be recoverable of the person, town or county liable therefor as in other cases.*

SECT. 11. The county commissioners or the overseers of the poor of any town may require any person applying for aid under the provisions of section 9 of this chapter, who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application, or if admitted refuses to go to said Soldiers' Home, the county or town shall be relieved from the provisions of the preceding sections so far as such person is concerned, and he may be supported at the county or town almshouse.

*This section was passed by the house and senate, but was omitted from the engrossed bill. Such references are made to it in the engrossed bill that it is evident the legislature intended it should be a part of the law,

AN ACT

To Provide for the Punishment of Parents for the Abandonment of Their Families in Certain Cases.

Be it enacted by the Senate and House of Representatives in General Court Convened:

SECTION 1. That as used in this act the word "children" shall be limited to mean children under sixteen years of age and also such children over sixteen years of age and under twenty-one years as by reason of physical or mental infirmity are incapable of supporting themselves; and further that separation within the meaning of this act shall include, in addition to the cases embraced within the usual meaning of the word, every case where a husband has caused his wife to leave him by conduct on his part which would be ground for divorce and also every case where by extreme cruelty or other conduct it becomes improper for children to remain with their father and have for this reason become separated from him.

SECT. 2. If any husband or father being within the limits of this state shall hereafter separate himself from his wife or from his children or from his wife and children without reasonable cause and shall wilfully neglect to maintain his children, and his wife when such wife is destitute or dependent wholly or in part on her earnings for adequate support he shall be guilty of a misdemeanor, and on conviction thereof be sentenced to jail or the house of correction for a period of not more than six months, and to pay a fine not exceeding twenty dollars or either or both at the discretion of the court; such fine if any to be paid or applied in whole or in part to the deserted wife or children as the court may direct.

Provided no such conviction, payment of fine or undergoing imprisonment shall in any manner affect the obligation of any order for support theretofore made against the defendant:

And provided further that upon conviction the court may suspend sentence upon and during compliance by the defendant with any order for support theretofore made against him as already made or as may theretofore have been modified in the manner now provided by law ; and if no such order shall have been made then the court trying the defendant may make such order for the support by the defendant of his wife and children or either of them which order shall be subject to modification by the court on cause shown and the court may suspend sentence upon and during compliance by the defendant with such order as originally made or as subsequently modified by the court.

SECT. 3. If any woman or mother shall separate herself as the term is defined in section 1 of this act from her husband without cause, or from her children, she shall be guilty of a misdemeanor and upon conviction thereof shall be sentenced to the county jail or the house of correction for a term not exceeding six months and to pay a fine not exceeding twenty dollars or either or both as the court may determine, the fine if any to be applied in the discretion of the court to the benefit of the deserted husband or children or both.

SECT. 4. All acts and parts of acts inconsistent with this act are hereby repealed.

SECT. 5. This act shall take effect upon its passage.

Approved, March 22, 1907.

SECT. 2. If any person, knowingly and with wrongful intent shall aid or abet in the abandonment of such infant he shall be punished by a fine not exceeding one hundred dollars or by imprisonment not exceeding two years, or both.

SECT. 3. This act shall take effect upon its passage.

Approved, January 31, 1907.
